

PRO-FIL® PRE-FAB CORNER

...AFTER ALL, HYGIENE STARTS ON THE FLOOR!

material	linoleum, PVC, rubber
material thickness	2,0 - 4,0 mm (depending on material)
standard legs	outer corner: 130 x 130 mm inner corner: 210 x 210 mm
cove size (wall / floor)	max. 150 mm wall, max. 200 mm floor

The product properties depend on the provided flooring material and are therefore inferior to constant change. The above values are not an assurance of feasibility and are for guidance only. If a floor covering can be processed must be checked by order. If necessary, tests need be done.
